Public Water System Supervision Program Revision for the State of Delaware

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Notice is hereby given in accordance with the provisions of § 1413 of the Safe Drinking Water Act as amended, 42 U.S.C. 300f *et seq.*, and 40 CFR part 142 that the State of Delaware is revising its approved State Public Water System Supervision Primacy Program. Delaware has adopted drinking water regulations for Volatile Organic Chemicals, Synthetic Organic Chemicals, and Inorganic Chemicals (Known as Phase II, IIB, and V) and for Lead and Copper that correspond to the National Primary Drinking Water regulations promulgated by EPA on January 30, 1991 (56 FR 3526), July 1, 1991 (56 FR 30266), July 17, 1992 (57 FR 31776), June 7, 1991 (FR 26460) and June 30, 1994 (FR 33860). EPA has determined that these State program revisions are no less stringent than the corresponding federal regulations. Therefore, EPA has tentatively decided to approve these State program revisions.

All interested parties may request a public hearing. A request for a public hearing must be submitted by February 2, 1995, to the Regional Administrator at the address shown below. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. However, if a substantial request for a public request is made by February 2, 1995, a public hearing will be held. If no timely and appropriate

request for a hearing is received and the Regional Administrator does not elect to hold a hearing on his own motion, this determination shall become effective on February 2, 1995.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such a hearing; and (3) the signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

U.S. Environmental Protection Agency, Region III, 841 Chestnut Building, Philadelphia, Pennsylvania 19107.
Delaware Department of Health and Social Services, 1901 N. DuPont Highway, New Castle, Delaware 19720.

FOR FURTHER INFORMATION CONTACT:

Agnes White, U.S. EPA, Region III, Drinking Water Section (3WM41), at the Philadelphia address given above; telephone (215) 597-8335.

Dated: December 16, 1994

Stanley Laskowski,

Acting Regional Administrator, EPA, Region III.

Interagency Working Group on Environmental Justice; Notification of National Interagency Public Meeting on Environmental Justice

Executive Order 12898, Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations (February 11, 1994) requires Federal agencies to integrate environmental justice into their agency's mission by identifying and addressing, as appropriate, disproportionately high and adverse effects of Federal actions on human health or the environment in minority and low-income communities. Pursuant

to the Order, an Environmental Justice Working Group was created.

On January 20, 1995, the Working Group will sponsor a public meeting in Atlanta, Georgia, at which the public can share concerns and make recommendations on how the Federal agencies can effectively promote environmental justice in their areas of responsibility.

The public meeting is designed to encourage discussion among different parties having an interest in the issue. To accomplish that goal, the Working Group is inviting the participation of private individuals and representatives of grassroots and community-based organizations; environmental organizations; academic institutions; businesses; industries; and Federal, Tribal, State, and Local governments.

The morning session will include discussions with representatives of Federal agencies on environmental justice goals and draft agency strategies. The afternoon program will feature several sessions at which participants will discuss particular issues relating to environmental justice. Representatives of Federal agencies will be available throughout the day to discuss draft strategies.

In an effort to expand participation, the Black College Satellite Network will broadcast an evening session from Atlanta to locations throughout the country. The session will be broadcasted from 7 p.m. to 9 p.m. eastern standard time and will provide the public an opportunity to comment on the draft environmental justice strategies of participating Federal agencies.

The public meeting will be held at Clark Atlanta University, 223 James P. Brawley Drive, SW., Atlanta, Georgia. To register for the Atlanta meeting or receive information on the satellite downlink sites, please call 1-800-413-9849.

If you have any questions or need additional information regarding the public meeting, please call Bob Knox or Danny Gogal at EPA's Office of Environmental Justice, toll free at 1-800-962-6215 or locally (202) 260-6357.

Jonathan Z. Cannon,

Assistant Administrator, Office of Administration and Resources Management.
